

Refrigerant Leak Detector

Features

- LED Tip light
- Mute Function
- Low battery indicator
- Rugged flexible probe
- 3 adjustable sensitivity levels
- Detects R-134a, R-410a, R-407c and R-22 etc.
- Sensor failure indicator
- Automatic adjustment and reset to background

Model	ST312
Refrigerants	R-22, R-134a, R-404a, R-410a and all CFCs, HCFCs and HFCs
Sensitivity levels	High 7 g / year (0.25 oz. / year) Medium 14g / year (0.5 oz. / year) Low 28g / year (0.99 oz. / year) (Compatibility with SAE J2791)
Response Time	Less than 0.5seconds
Warm Up Time	45 seconds
Battery	DC 3.7V , 800mAh rechargeable lithium battery Approx 2.5hour use when fully charges
Charging Time	3 hours
Fan System	Yes
Flexible Probe Length	450mm
Dimensions	- 184 x 70 x 40mm
Weight	- 300grams
Accessories	9V Battery , Instruction Manual. Leak Test Bottle, AC adaptor, holster, carrying case, sleeve
